

Talk to me

Songs and rhyme make talking time...

singing songs and rhymes together helps early language development

Learning to communicate is one of the most important skills we develop

It will help me to:

- Make friends at nursery or school
- Be confident
- Learn new things at school
- Socialise with different people
- Ask questions about the world around me
- Get a job when I am older

Singing with me is a great way for me to hear lots of speech sounds and words.

Hints and tips:

- You may not be a pop star, but I love to hear your voice the most.
- I love to hear the same songs over and over again.
- Make singing fun for me by using lots of actions and different voices.
- I love it when you make up your own songs based on the things I like.
- It's fun to make free musical instruments out of everyday objects like saucepans and spoons or plastic bottles filled with dry pasta or rice.

There are lots of song and rhyme sessions in your community. Visit your local Children's Centres and libraries for further information.
